Ooh
ye yeeahh
ooh!
Sleeping in
Sunday Morning
Body's intertwined
Playing fake, We're awake
But we don't want to rise . .
I saved a place in my chest
for you to rest head, on mee
A part of me is a mess
I must confess
it's time to come clean
I am addicted to your touch
No other womans made me want it this much
I cannot resist the warmth of your hips
A single serving is never enough
Cause im addicted to your touch
My Schedule is yours today
I'm not in a rush
You could be, my little Coffee bean
And i will be the Moon
Let's rent a movie tonight
and snuggle up inside
ooh uuhuh mm yayayee
and when the credits arrive
i'll be by your side
letting you know
I am addicted to your touch (mi amor)
No other womans made me want it this much
I cannot resist the warmth of your hips
A single serving is never enough
Cause im addicted to your touch.
I want your neck
I want your shoulders
I want to be the only one, to hold ya
I want your legs, I want your arms
I want to be inside Your Heart
If i don't have you next to me
I'll probably loose my sanity
I am hooked, on you Addicted
I am Addicted to your touch, (Mi Amor)

No other womans made me want it this much
I cannot resist the warmth of your hips
A single serving is never enough
Cause im addicted to your touch
I am Addicted to Your touch
Adicto a tu Amor

No other womans made me want it this much
I cannot resist the warmth of your hips
A single serving is never enough
Cause i'm addicted to Your touch . .
woo Oooohh woo oohh
Addicted To Your Touch
ooh ooh

I'm Addicted To Your Touch
