

Peking Saint

Cat Power

In peking
There is a son who
Is much greater
Than you want to beCarnival arms have
A medical wonder
Who would of guessed that
It was not a real body partIn peking
There is a mother
Who is laden
With who she has to beCarnival arms have
A medical wonder
Who would of guessed that
It was not a real body part
In peking there is someone who
Is who they should exactly be.
