

# Peking Saint

## Cat Power

In peking  
There is a son who  
Is much greater  
Than you want to be  
Carnival arms have  
A medical wonder  
Who would of guessed that  
It was not a real body part  
In peking  
There is a mother  
Who is laden  
With who she has to be  
Carnival arms have  
A medical wonder  
Who would of guessed that  
It was not a real body part  
In peking there is someone who  
Is who they should exactly be.
