

# King James

## Anderson .Paak

We've been through it all  
Though it could be worse  
We've been moved around In a state of alert  
There's nothing new or sharp about the cutting edge  
If they build a wall  
Let's jump the fence, I'm over this Cold stares can never put the fear in me  
What we built here is godly  
They can't gentrify the heart of kings  
Let's just not talk about it  
If I make a move, you're coming with me  
What about the love? Coming with me  
What about the labor? Coming with me  
What about the seed? It's coming with me  
People that you came with coming with me  
What about the love? Coming with me  
What about the labor? Coming with me  
What about the seed? It's coming with me  
People that you came with, ya coming with me Hey  
(Okay now) Hey now  
(Just don't stay down)  
Uh, can't stay now  
(Let's go shake down)  
Until we get what we need, oh yeah  
(Okay now) I'm okay now  
(Just don't stay down)  
Yeah, can't hold me down  
(Let's go shake down)  
And let it fall like the leaves, I want it all  
We couldn't stand to see  
Our children shot dead in the streets  
But when I finally took a knee  
Them crackers took me out the league  
Now I'm not much for games  
But I play for keeps  
And we salute King James for using his chains  
To create some equal opportunities Cold stares can never put the fear in me  
There's a movement we've been grooving on  
You can move or stay your ass asleep  
Let's just not talk about it  
Everything they tried to hide  
We're taking back for yours and mine What about the love? Coming with me  
What about the labor? Coming with me

What about the seed? It's coming with me  
People that you came with coming with me  
What about the love? Coming with me  
What about the labor? Coming with me  
What about the seed? It's coming with me  
People that you came with, ya coming with me  
What about the love? Coming with me  
What about the seed? It's coming with me  
What about the love? Coming with me  
What about the seed? It's coming with me

People that you came with, ya coming with me  
Okay now  
Just don't stay down  
Let's go shake down  
(Shake, shake, shake, shake)  
Okay now  
Just don't stay down  
Let's go shake down  
(Shake, shake, shake, shake)
