

# Touch Pass

## Tinashe

I'm your afterparty  
I be open all night for ya  
Bottles on my body  
You know, you know, you know  
This is so exclusive  
You're the only name on my list  
Don't make no excuses  
Let's go, let's go, let's goBaby, we know what it is  
I've been waiting all along  
I ain't tryna play no games  
We could talk over the phone  
Yeah it's time to use your head  
If you're ready, we can roll  
Put my finger to your lips  
And do anything you want  
Don't ask, just do  
Your hands, want to  
You got a touch pass, come through  
You know my heart, I trust youYou could be my plus one  
Stamp my kiss, and I'll let you back in  
I don't need my guard up with you, with you, with youBaby, we know what it is  
I've been waiting all along  
I ain't tryna play no games  
We could talk over the phone  
Yeah it's time to use your head  
If you're ready, we can roll  
Put my finger to your lips  
And do anything you want  
Don't ask, just do  
Your hands, want to  
You got a touch pass, come through  
You know my heart, I trust you-oh-oh  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you(Love with your touch pass)  
You get that (love with your touch pass)  
You get that (love with your touch pass)  
You get that (love with your touch pass)  
(You get that love with your touch pass...)

I'm your private party, ain't for anybody  
We could get it poppin' any way you want it  
I'm your private party, ain't for anybody  
We could get it poppin' any way you want it  
I'm your private party, ain't for anybody  
We could get it poppin' any way you want it Don't ask, just do  
Your hands, want to  
You got a touch pass, come through  
You know my heart, I trust you-oh-oh  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you
