Best I Can

Art of Dying

Tonight I feel like the world won't miss me
So much to say but there's no one listening
If we're alone are we all together in thatI threw a penny in a well for wishing
and prayed for all the things I think I'm missing
A little time is all I really needI am doing the best I can with everything I am
Don't you know nobody's perfect

Do you understand how hard I'm trying to do the best I can The best I canA second chance to give you something

It takes a lifetime to come from nothing

I refuse to believe in running away

I am doing the best I can with everything I am

Don't you know nobody's perfect

Do you understand how hard I'm trying for you

I am doing the best I can with everything I am

Don't you know I think you're worth it

Do you understand how hard I'm trying to do the best I canThe best I canI got a picture of what matters and I keep it close to my heart

It's a little faded but so am ICause I am doing the best I can with everything I am

Don't you know nobody's perfect

Do you understand how hard I'm trying for you

I am doing the best I can with everything I am

Don't you know I think you're worth it

Do you understand how hard I'm trying to do the best I can

The best I can [3x]

The best I can

The best I can

And I'm doing, oh I'm doing the best I can I am, I'm doing the best, oh the best I can The best I can, oh the best I can Oh I keep doing, keep trying

On I keep doing, keep trying
