

# Walk Away

## Burn Season

Thinking  
Am I making  
More mistakes again  
Am I ever gonna win  
Chasing  
Never reaching  
For an open hand  
It slaps me where I stand  
I'm still stuck here  
Pretending to be happy  
Pretending to be something  
When I know it isn't real  
Way, you walk away  
And i don't need anybody  
I wont need anybody  
Way, you walk away  
And i don't need anybody  
Changing  
Still arranging  
Who I really am  
You still don't give a damn  
Facing  
Mind is racing  
Finely here I am  
It stops me where I stand  
Way, you walk away  
And I don't need anybody  
I won't need anybody  
Way, you walk away  
And I don't need anybody  
Walk away  
I'm still stuck here  
Pretending to be happy  
Pretending to be something  
When I know it isn't real  
Way, you walk away  
And I don't need anybody  
I won't need anybody  
Way, you walk away  
And I don't need anybody  
I won't need anybody  
Way, you walk away  
And I don't need anybody  
I won't need anybody  
Way, you walk away  
And I don't need anybody  
I won't need anybody  
I'm still stuck here  
I'm still stuck here  
I'm still stuck here  
Here
