

Not Me, Not I

Delta Goodrem

You mixed me up for someone
Who'd fall apart without you
Yeah, you broke my heart for the first time
But I'll get over that too
It's hard to find the reasons
Who can see the rhyme?
I guess that we were seasons out of time
I guess you didn't know me
If you think love is blind That I wouldn't see the flaws between the lines
Surprised that I caught you out
On every single time that you lied
Did you think that every time I see you I would cry?
No, not me, not I, not I, no, not me, not I
The story goes on without you
And there's got to be another ending
But yeah, you broke my heart it won't be the last time
But I'll get over them too
As a new door opens we close the ones behind
And if you search your soul I know you'll find
You never really knew me
If you think love is blind That I wouldn't see the flaws between the lines
Surprised that I caught you out
On every single time that you lied
Did you think that every time I see you I would cry?
No, not me, not I, not I, not I, not I
All you said to me, all you promised me All the mystery never did believe
No, I never cry, no, I never, not me, not I
If you think love is blind
That I wouldn't see the floors between the lines
Surprised that I caught you out
On every single time that you lied
Did you think that every time I see you I would cry?
No, not I, I won't cry
No, not me, not I, not I
