

# You're Not Leaving Me

Martina McBride

You're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
You're not Leaving MeShe said take a good look at  
this diamond ring  
The one that that you gave me  
when I was nineteen  
She said look your children  
look at the stove  
I don't care if we're flat  
out broke  
But You're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
Go on pack your suit case if  
you want to.  
Yeah pick a fit till your face turns  
blueYou can say what you want  
Think what you think  
Sit right down and pour yourself  
a drinkCauseYou're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
Oh you can run  
you can hide  
everybody knows your name  
keep on big talkin go on start walkin  
come back anyway  
come back anywayYea You're my husband  
and you need my lovin'  
that ain't gonna change  
keep on big talkin go on start walkin  
come back anywayYou're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me  
You're not Leaving MeShe said take a good look at  
this diamond ring  
The one that that you gave me  
when I was nineteen  
look your children

look at the stove  
I don't care if we're flat  
out broke You're not Leaving Me  
You're not Leaving Me  
You're not Leaving Me
