Weight in Gold

Gallant

Black dust in orbit, cascades down like a parachute Bricks on my shoulders, this gravity hurts when you know the truthI'm pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own

Pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my ownI'm pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own

Pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own

We dreamt like martyrs, I never thought I was bold enough

You pushed me further, and I take the blame for the both of usI'm pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own

Pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my ownOh, Universe, hold me up

You tried your best, is it ever enough

When it's already dragging me down?

I'm pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own

Pulling my weight in gold

Call me anxious, call me broke

But I can't lift this on my own
