

# Getting Money Now

## Nines

We gettin' money now, now  
From the AM to the PM  
All these bad bitches in my DM, yeah  
They gon' be horny when we see them  
They gon' be horny when we see them  
We got money now, now  
From the AM to the PM  
All these bad bitches in my DM, yeah  
They'll be horny when we see them  
They'll be horny when we see them  
I got money now, now  
Stretchin' keys, don't need to give my 'nect the P's  
Them man are still preppin' D's  
Come through with my neck on freeze  
I ain't browsing, I'm spending G's  
Them niggas starvin', soon bill a tennis court in my garden  
I ain't scared when they Yay's touchin' cuh it's less risky when you pay customs  
If you had my chick, you'd probably never cheat  
But I be smashin' groupies on these Fendi sheets  
Them rappers can't keep up with me  
Ten racks, I blew it like a cup of tea  
My nigga Jojo be in that lambo  
Anywhere I go then gang go  
Always wanted a penthouse  
Now I treat the penthouse like a bando  
We gettin' money now, now  
From the AM to the PM  
All these bad bitches in my DM, yeah  
They'll be horny when we see them  
They'll be horny when we see them  
We got money now, now  
From the AM to the PM  
All these bad bitches in my DM, yeah  
They gon' be horny when we see them  
They gon' be horny when we see them Uh, whip up, made a fiend white the spoon  
Hollywood lookin' like the moon  
Don't think I'm gettin' money now I won't see a paigon and run him down  
Now I'm on the rise  
BMT, most the city love me just for being me  
I went Africa, see niggas starve  
Felt bad comin' home business class  
I make six figures every summer drought

Way before rap, I had one foot out  
They don't know how long I put ground work in  
Now me and Skrapz soon be crowd surfing  
Still riskin' my freedom for my set  
Re-up gang, I just wanna call the 'nect  
Hoes and dough nigga that's all I get  
Wasn't like this when I was wearin' Sports Direct  
We gon' make it out the ends one day  
One day, one day, one day, one day, one day  
Look at where I come from  
Shit's so real, real, real  
We gettin' money now, now  
From the AM to the PM  
All these bad bitches in my DM, yeah  
They'll be horny when we see them  
They'll be horny when we see them
