

# White House

## S

And you can feel it  
In the way back there, yeah  
On the right side  
And you dont even know what hit you there  
In the way that you hurt moves, mine  
And you dont see this in the way i do  
And i dont do things like you want me to  
And you can see us in the white house  
Lawn making out in the backyard  
Take me home  
Take me home  
Take me home  
Take me home  
And you can find me in the way back  
Arms locked in the way i hide  
And you can tell me all of your dark dreams  
In the way that your hurt breaks mine  
And you can feel me coming over you  
And I can take this like you want me to  
And you can see us in the white house  
Box up on the inside  
When you say my name  
I feel alive  
It's always you  
It's always you  
So you broke my heart  
I will do it again  
It's always you  
It's always you  
Home, take me home  
Take me home  
Take me home  
Take me home  
Take me home  
Take me home  
Take me home  
Take me home  
Take me home
