

# Tightrope

## Lovespeake

Waiting for the right time  
Tell you my story  
Walking on a tightrope thinking  
Making priorities, priorities  
Sometimes I never know  
How high this gotta go  
Sometimes I never know(I never know)  
How high this gotta go  
Staying on the right side  
Try to get back  
Balance in a fine line, between  
Thinking bout' right and wrong, the side i'm on  
Sometimes I never know  
How high this gotta go  
Sometimes I never know(I never know)  
How high this gotta go  
Waiting for the right time, walk the straight line  
Waiting for the right time, ooh(Guitarsolo)  
Sometimes I never know  
How high this gotta go  
Sometimes I never know  
How high this gotta go  
Take it higher  
I'm on fire  
Can't you see me  
I'm on wire  
oh oh
