

After Dark

Andy Gibb

(written by Barry Gibb)

There not anything I would not do to ease your troubled mind
Where you are, there is a different feeling
I wake up, I'm on the ceilin', opens up your eyes
What a shape! Someone you can't forget for any time
Oh, let me show you mine, immediatlyAfter dark where the lights start fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark where the lights start fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark
There is no limit that I would not go
if I could lie beside
Where you are, there is a different out there
Love in the jungle can be hard to realize
What a shape! Someone you can't forget for any time
Oh, let me show you mine immediatlyAfter dark where the lights are fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark where the lights are fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark(break)
There is not anything I would not do to ease your troubled mind
Where you are, there is a different feeling
I wake up, I'm on the ceilin', opens up your eyes
What a shape! Someone you can't forget for any time
Oh, let me show you mine immediatlyAfter dark where the lights start fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark where the lights start fading sweet and low
I wanna be there, I wanna be there
We leave immediatly
After dark(repeat last verse and fade out)
