

# Warrior

## Swollen Members

{Tre Nyce}

Please don't push my back against the wall, wall

You violate my team, I'm going off, off

I'm a warrior

I'm a warrior{Mad Child}

I'm wearing black like Darth Vader

We're wearing black like we play for the Raiders in a black Mercedes

I fuck white bitches, I make love to black ladies

Get head from hookers with no condom, I'm that crazy

I told that bitch on x, "That is not my baby."

Then ran from that bitch like that bitch had rabies

All these little faggots dressing like it's the eighties

Pink shirts and tight jeans, I am not participating

You a violator, I'm an annihilator

You just a grimy hater, I'll raise the crime rate up

I'll beat you up, steal your drugs and I'mma try them later

Soon as I get on methadone I'll make your dreams come true

Cause I'm a gladiator with the problem substance abuse

Mixing coke and oxycontin just for something to do

And if you're fucking with my crew I'm pointing something at you

Cause pills or no pills I'm still a battle axe warrior

Take you to the top and my group notorious

That's right bitch, my clique victorious

{Tre Nyce}

Please don't push my back against the wall, wall

You violate my team, I'm going off, off

I'm a warrior

I'm a warrior{Young Kazh}

Definition of the word, cat, Julius Caesar

Young Octavius, mics and blunts, you know I'm blazing them

Young Herman Cortes, I go against the Aztecs

Call me Napoleon bitch, I'm the baddest

Guerrilla warfare, introduce you to my madness

Baby Adolf, I'm trying to conquer the atlas

Or big daddy style, Young Kazh known for wilding

Japanese Samurai so pull up your iron

{Tre Nyce}

Blow your motherfucking brains on your front seat

Calculated bang, turn your brains into lunch meat

Sudanese hungry, black Ted Bundy

Got em pulling every track back like a bungee

Yeah your bitch love me, fuck em if they hate me

Come in dark nights, I make them a trauma patient  
Armed to the teeth boy you'd better believe it  
I don't kill you I'mma turn into a paraplegic{Tre Nyce}  
Please don't push my back against the wall, wall  
You violate my team, I'm going off, off  
I'm a warrior  
I'm a warrior{Prevail}  
Yo see them dark shadows by the fire escape?  
Crowbars in the hands, chainsaws and blades  
Sharp fangs like Blade, daywalkers nightwatch  
Not one of my brothers will fall on my watch  
I'm a sentinel identical to those on X-Men  
With origins from the country they made Weapon X in  
Prevail, Prevail, the P make it capital  
Tick-tock goes my timebomb, lots of shrapnel  
High cost of living got me cutting expenses  
Stay sharp eating bowls of razor blades for my breakfast  
Iodine is milk, rubbing alcohol for orange juice  
I'm real fired up and running at you full force, duke{Tre Nyce}  
Please don't push my back against the wall, wall  
You violate my team, I'm going off, off  
I'm a warrior  
I'm a warrior
