

101

Albert Hammond Jr.

Though it took me by surprise
One by one I realized
There was something I could do I lost my way, that's what she said
Back to the 101
If we don't know somewhere to go
Back to the 101 I never said to feel relaxed
I never said to love me back
What was I next to you?
And in my mind it all goes black
I lost control of what I had
All my thoughts left one by one I lost my way, that's what she said
Back to the 101
Back to the 1, another one
Back to the 101 I caught the 1, I caught the 1
I caught the 101 I know I lost my way
(I caught the 1, I caught the 1, I caught the 101)
This time we'll find a place
(I caught the 1, I caught the 1, I caught the 101)
I know I lost my way
(I caught the 1, I caught the 1, I caught the 101)
This time we'll find a place
(I caught the 1, I caught the 1, I caught the 101)
