

Billy Does Your Bulldog Bite

Sawyer Brown

Well, there's a girl in the neighborhood
I think she likes me but I don't know for sure
I walk by and she's wavin' from the door
Her kid brother's got a dog that's mean
Meanest dog that I've ever seen
I can't even set a foot in her yard
Hey little Billy, why you laughin' so hard?
CHORUS:
Billy does your bulldog bite?
I gotta see your sister tonight
I wanna kiss and hold her tight
So quit foolin' around and tell me
Billy does your bulldog bite?
So I went down to the pound
And I got me a female hound
One that little bulldog would like
And I turned her lose on him tonight
So Billy where's your bulldog's bite?
Haven't seen him around here all night
I bet that now he feels alright
I don't miss him a bit

So tell me Billy where's your bulldog's bite?
I used to have to say

CHORUS x 2
