Come Undone

Duran Duran

My immaculate dream made of breath and skin I've been waiting for you Signed, with a home tattoo "Happy birthday to you" was created for youCan't ever keep from falling apart at the seams Can I believe you're taking my heart to piecesAhh, it'll take a little time Might take a little crime to come undone Now we'll try to stay blind to the hope and fear outside Hey child, stay wilder than the wind and blow me in to cryWho do you need? Who do you love? When you come undoneWho do you need? Who do you love? When you come undone Words, playing me deja vu Like a radio tune I swear I've heard before Chill, is it something real? Or the magic I'm feeding off your fingersCan't ever keep from falling apart at the seams Can I believe you're taking my heart to piecesLost, in a snow filled sky We'll make it alright to come undone Now we'll try to stay blind to the hope and fear outside Hey child, stay wilder than the wind and blow me in to cryWho do you need? Who do you love? When you come undoneWho do you need? Who do you love? When you come undone Who do you need? Who do you love? When you come undoneCan't ever keep from falling apart Who do you need? Who do you love? When you come undone Can't ever keep from falling apart Who do you need? Who do you love? When you come undone Can't ever keep from falling apart Who do you need? Who do you love? When you come undone Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
