

# Drugs & The Internet

## Lauv

Another life  
Another story  
She walked out  
Said I was boring  
About 3AM  
That's when I called my friends We hit the bar  
Sent myself flying  
Shit I said  
I'm never trying  
Til' the bitter end  
But every now and then  
I wonder what it feels like  
To be more than I am I traded all my friends for drugs and the internet  
Ah shit  
Am I winner yet  
Look quick  
Is he a winner yet  
Mom's back home with a drink and a cigarette I traded all my friends for drugs and the internet  
Ah shit  
Am I winner yet  
Look quick  
Hasn't hit him yet  
Mom's back home with a drink and a cigarette Ooh ooh  
Still hasn't hit him yet  
And I don't wanna base my actions on reactions or the things they say  
And I don't wanna hit delete on all  
the parts of me that they might hate  
Now I'm laying in my bed  
And I can't get out my head  
It's all because, all because I traded all my friends for drugs and the internet  
Ah shit  
Am I winner yet  
Look quick  
Is he a winner yet  
Mom's back home with a drink and a cigarette I traded all my friends for drugs and the internet  
Ah shit  
Am I winner yet  
Look quick  
Hasn't hit him yet  
Mom's back home with a drink and a cigarette Ooh ooh  
Still hasn't hit him yet  
Ooh ooh

Still hasn't hit him yet I sold my soul  
And all I got  
Is likes from strangers  
Love on the internet  
Drugs and the internet I wonder what it feels like to be more than I am  
I am
