

Lose Control

Ledisi

I need you to come home,
hurry up get off the phone,
I'll be wating...
I got something to show you, won't be what you're used
to,
aah ahh ah, not tonight
These red high heel shoes,
left behind some clues,
follow the roses,
let me reward you, for loving me like you supposed to.
I'm make you lose control,
I'm gonna make you lose it, I'm gonna make you lose it
Just let, just let go, just let it go (let it go)
I'm gone make you lose control, it's going down when you
get home, baby I'ma blow your mind,
I'ma show you something new this time, something you
ain't never ever ever had,
I'm gonna make you lose control, it's going down when
you get home,
I don't even have to ask, I'm the best you ever had,
hope you're ready cause I'm gone make you lose control
eh eh eh, ay, ayy
When you hit the door, give you what you want and
more,
don't just say nothing (lose control) cause baby I got
this,
there's nothing that I won't kiss, (oh, uh uh all night)
This place we're about to go, we never been before,
I hope you're ready, you're gonna like this, I-I-I'm gone
leave you speachless
I'm make you lose control,
I'm gonna make you lose it, I'm gonna make you lose it
Just let, just let go, just let it go (let it go) baby let
it go
I'm gone make you lose control, it's going down when you
get home, baby I'ma blow your mind,
I'ma show you something new this time, something you
ain't never ever ever had,
I'm gonna make you lose control, it's going down when
you get home,
I don't even have to ask, I'm the best you ever had,
hope you're ready cause I'm gone make you lose control

eh eh eh, ay, ayy
oooh, oooh, oooh, (it's going down) loose control
oooh, ooh, ooh (it's going down) lose control
I'm gone make you lose control, it's going down when you
get home, I'm gone make you lose it
