

Ridin' Roads

Dustin Lynch

[Intro]

Ridin' roads

Ridin' roads[Verse 1]

Uh, yeah

This town ain't got no nightclub

We don't need the neon lights

Girl, I got that '87 gassed up

30 early out there in your drive

Got you a Bullet and koozie, keep it ice cold

You take a sip 'fore we get gone

Lookin' at you with your hand out the window

I'm turnin' right while you're turnin' me on, yeah

[Chorus]

Ridin' roads that don't nobody go down

A little trip through the country side

These 38s makin' the world go 'round

I hit a curb just to make you slide

Only light is the flashing yellow

Only thing that I want is your kiss

I'm lovin' nothin' to do with you, baby

Just ridin' roads on a night like this[Post-Chorus]

Ridin' roads

[Verse 2]

Out there where the moon hits the water

Out there where your lips hit mine

I don't know where we are

'Cause somebody stole the street signs

I'ma take my sweet time, yeah

'Cause I could go on forever

With you there ridin' shotgun, yeah

All our friends are probably makin' plans, baby

Yeah, but we already got one[Chorus]

We'll be ridin' roads that don't nobody go down

A little trip through the country side

These 38s makin' the world go 'round

I hit a curb just to make you slide

Only light is the flashing yellow

Only thing that I want is your kiss

I'm lovin' nothin' to do with you, baby

Just ridin' roads on a night like this[Post-Chorus]

Just ridin' roads on a night like this

Ridin' roads[Bridge]

I got one hand on the wheel
And I got the other tryna cross the line, line, line
Yeah, the way you make feel
I wanna keep it rollin' 'til the sun rise, rise, rise[Chorus]
Ridin' roads that don't nobody go down
A little trip through the country side
These 38s makin' the world go 'round
I hit a curb just to make you slide
Only light is the flashing yellow
Only thing that I want is your kiss
I'm lovin' nothin' to do with you, baby
Just ridin' roads on a night like this[Post-Chorus]
Just ridin' roads on a night like this
Ridin' roads
