

Bring Me Flowers

Hope

I haven't got a clue if you're the one.
But i like you.
And ohh i like how you make me feel.
I want to do this right.
Don't want to waste this night.
But, im drowning.
Drowning in your love.
Bring me flowers and talk for hours.
And ohh i like you,
and ohh i like how you make me feel.
Kiss my face,
your warm imbrace.
And ohh i like you,
and ohh i like how you make me feel.
Im a little scared to hold you close.
Cause i just might never ever let you go.
Caught up in your smile,
im happy as a child.
But im still drowning, drowning in your love.
Bring me flowers and talk for hours.
And ohh i like you,
and ohh i like how you make me feel.
Kiss my face,
your warm imbrace.
And ohh i like you,
and ohh i like how you make me feel.
Your heart cares for nothing, everytime.
And im just takin', takin' you in.
Caught up in your smile,
im happy as a child.
But im still drowning, drowning in your love.
Bring me flowers and talk for hours.
And ohh i like you,
and ohh i like how you make me feel.
Kiss my face,
your warm imbrace.
And ohh i like you,
and ohh i like how you make me feel.
Bring me flowers and talk for hours.
And ohh i like you,
and ohh i like how you make me feel.
Close my eyes and dream for miles.

And ohh i like you,
and ohh i like how you make me feel.
Bring me flowers and talk for hours.

And ohh i like you,
and ohh i like how you make me feel.

Kiss my face,
your warm imbrace.

And ohh i like you,
and ohh i like how you make me feel.
