

# Free Mind

Tash Sultana

I woke up on the wrong side of the bed again  
Can somebody tell me what day this is?  
You got your blue jeans, with that white shirt  
And your glasses on  
And you don't seem yourself, no Don't bother calling the doct-doctor, for this kind of disease  
Unscrew my mind, I walk with ease  
'Cause I can feel it crawling underneath my skin, mmm  
But you wrap me in your cinnamon  
Honeysuckle, suck it in  
Tuck me in your warmth I wanna feel you breathe it in  
When will my mind be free  
From all the chains that hold me, hold me  
Hold me, hold me down?  
When will my mind be free  
From all the chains that hold me, hold me  
Hold me, hold me down? Leaving my brain in the sixth dimension  
Sacrifice the pain I forgot to mention  
Turn out the lights  
The dark fills the night  
I can see through your eyes  
The smell of vanilla, oh, it lingers  
Like honey coated marmalade on the tips of your fingers  
Turn out the lights  
The dark fills the night  
I can see through your eyes  
There I was just  
Rolling in the deep  
Coming up for air, why don't you suffocate my dreams?  
The bird with the word, why don't you carry me?  
Carry me When will my mind be free  
From all the chains that hold me, hold me  
Hold me, hold me down?  
When will my mind be free  
From all the chains that hold me, hold me  
Hold me, hold me down?
