

# Grind & Pray

## August Alsina

As I lay me down to sleep  
I pray the lord my soul to keep  
If I should die before I wake  
I pray the lord my soul to take My cup full I'm laid back, I'm bout mine you know that  
I'm rag racing, zoom zoom, in a rush to get all that  
Cross my heart, I die hard, come throw your hood in all black  
If you real you'd recognize All I do is grind and pray, riding through the streets all day  
I'm just...  
{Getting to this money, getting getting to this money} (I'm a keep grinding, grinding)  
All I do is grind and pray, riding through these streets all day  
(All day)  
{Getting to this money, getting getting to this money} (I'm a keep grinding, grinding)  
(I'm a keep grinding)  
They don't ever see you like I do  
First thing when you wake up, before you put on your make up  
And they don't really know you like I do  
Cause with me you ain't the same, you ain't gotta run no game  
Girl cause what you do and what I do ain't different  
We both on a mission, I love your ambition  
And I know how it is too hit the block and get the gwop  
And you know what it is to hit the stage and make it pop  
Like damn I hope somebody spend some money today  
And I pray nobody come and try to take it away  
Cause I'm just out here doing what I gotta do  
Cause all these fucking bills are due  
And I see all this money to make, so girl you know that...  
I ain't judging you, go and get your money  
Go and get your money, go and get your money  
Baby, I salute go and get your money  
Go and get your money, go and get your money  
Make that money girl it's yours  
Spend that money girl it's yours  
You work hard for it, it's yours  
Work that body baby it's yours  
I ain't judging you, go and get your money  
Go and get your money, go and get your money Single mother in college, working hard for  
them dollars  
Girl we got something in common, making money with ballers  
See you pussy popping that onyx, keep it clapping at magic  
Got them niggas tricking that chalice  
Come on making this happen  
Girl I love seeing your back bend, they cashing out

And you cash in, they going broke and you working  
Back broke when you twerking  
I know how hard this shit can be, when income is uncertain  
Hustling just too make a way, and I know you thinking  
Damn I hope somebody spend some money today  
And I pray nobody come and try to take it away  
Cause I'm just out here doing what I gotta do  
Cause all these fucking bills are due  
And I see all this money to make, so girl you know that...I ain't judging you, go and get your  
money  
Go and get your money, go and get your money  
Baby, I salute go and get your money  
Go and get your money, go and get your money  
Take that money girl it's yours  
Spend that money girl it's yours  
You work hard for it, it's yours  
Work that body baby it's yours  
I ain't judging you, go and get your money  
Go and get your money, go and get your money We grind together, we shine together  
Show the single folks how to double  
Two wrongs don't make it right  
But two strongs make a power couple  
And our trouble is small talkers  
Talking down on the big spenders  
But the winners focus on the win  
And sore losers focus on the winners  
Stacked up shawty, stacked up shawty  
And if I ever need it, she the back up for me  
Blacked up foree, his and hers 'Cedes  
No hoes to the house, just the first lady  
So gon' get your money, don't let nobody stop that  
Even if you gotta pop that (work-work that body baby it's yours)  
We do it big, and no together we about to do it bigger  
My little mama hustle harder than a lot of you niggas I ain't judging you, go and get your money  
Go and get your money, go and get your money  
Baby, I salute go and get your money  
Go and get your money, go and get your money  
Make that money girl it's yours  
Spend that money girl it's yours  
You work hard for it, it's yours  
Work that body baby it's yours  
I ain't judging you, go and get your money  
Go and get your money, go and get your money
