Number Five With a Bullet

Taking Back Sunday

We're gonna die like this you know Miserable and old Really gotta hand it to you Really gotta hand it to you Are you positive?

Absolutely sure

Well just get dressed, Don't do this
just get dressed, Don't do thisSpend the night lit listening to miles davis
You said it makes you want to fall in love
or be smart enough to keep your distance
You can't decide, you can't decide

-Chorus-

We're gonna die like this you know

Miserable and old

Really gotta hand it to you

Really gotta hand it to you

(well just so you know)

Are you positive?

(when we get home)

Absolutely sure

(we're through)

Well just get dressed, don't do this

(we're through)

Just get dressed, don't do this

It's a long way back south

(to where i belong)

Well you've been there once or twice

(and you still don't like it)

I say you just never gave it a chance

(well give me a chance, give me a chance)

Besides did you ever stop to think

hat we could keep this up living like theives

(but you can't decide)

You can't decide

(no you can't decide)

Well you can't decide-Chorus-Are you positive, absolutely sure Are you positive?We're gonna die like this you know

Miserable and old

Really gotta hand it to you

Really gotta hand it to youWell just so you know

(we're gonna die like this you know)

When we get home

(miserable and old)

We're through

(really gotta hand it to you)

We're through

(really gotta hand it to you)Just so you know

(are you positive?)

When we get home

(aboslutely sure)

We're through

(just get dressed don't do this)

We're through

(just get dressed don't do this)Well just so you know

(we're gonna die like this you know)

When we get home

(miserable and old)

We're through

(we're gonna die like this, miserable and old)

We're through

(miserable and old)

Well just so you know

(we're gonna die like this you know)

When we get home

(miserable and old)

We're through

(we're gonna die like this, miserable and old)

We're through
