

# Bye, Bye Baby

## Janis Joplin & Big Brother & The Holding Company

Bye, bye bye baby, bye bye  
I may be seeing you around  
When I change my living standard  
And I move uptown  
Bye bye baby, bye bye So long my honey, so long  
Lord, I might have been your wife  
But you settled for a place  
Right here in my heart  
You didn't want a place in my life  
I know that you got things to do and places to be  
And I guess I'll have to find the thing you placed on me  
I may wind up in the street or sleep beneath a tree  
Still I guess you know, honey I've gotta go I get the feeling I could chase you clean on in the ball  
And wind up staying pull off, put down strung out and stalled  
Honey, I ain't got time to wait on you or to fetch your super-ball  
I've got lots of things I've got to do  
Bye, bye bye baby, bye bye  
I guess you know you're on your own  
It seems you just got lost somewhere  
Out in the world  
And you left me here to face it all alone You left me here to face it all alone  
You left me here to face it all alone, yeah  
Bye, bye bye baby, baby bye bye
