

# Nothing Even Matters

## Big Time Rush

Hey, 'cause the world stops when I put my arms around you, around you (Oh whoa)  
And nothing even matters (hey eh)  
And nothing even matters (hey) It's like one for the haters and two for all of those  
Who try to shut us down they don't really know  
There ain't nothing they can do that can't tear us apart (no)  
I don't care about the money, don't care about the clothes  
When we're together baby anything goes  
And we don't even need to prove what we're feel in our hearts (no)  
This wall we built together  
There's ain't no way of knocking it over  
And we'll be here forever  
Getting closer and closer baby  
'Cause the world stops when I put my arms around you, around you (Oh whoa)  
And nothing even matters (hey eh)  
And nothing even matters (hey)  
They can all talk say what they want about us, about us (oh whoa)  
And nothing even matters (hey whoa)  
And nothing even matters (hey) It's like a sound goes off and the people all freeze  
They disappear and it's just you and me  
Anything you wanna do anything that you please  
(Oh whoa no)  
Forget about our problems and forget about our past  
I've seen the future and I know we're gonna last  
Every second I'm with you just go so fast (whoa whoa)  
This wall we built together  
There's ain't no way of knocking it over  
And we'll be here forever  
That I told ya, that I told ya baby  
'Cause the world stops when I put my arms around you, around you (Oh whoa)  
And nothing even matters (hey eh)  
And nothing even matters (hey)  
They can all talk say what they want about us, about us (oh whoa)  
And nothing even matters (hey whoa)  
And nothing even matters (hey) Nothing even matters (whoa)  
And nothing even matters  
Whoa, we don't even need to fight (don't to fight)  
Everything will be alright (oh yeah)  
Nothing even matters but you and I 'Cause the world stops when I put my arms around you,  
around you (Oh whoa)  
And nothing even matters (nothing even matters)  
And nothing even matters (hey)  
They can all talk say what they want about us, about us (oh whoa)

And nothing even matters (hey whoa)  
And nothing even matters (hey)'Cause the world stops when I put my arms around you, around  
you (Oh whoa)  
And nothing even matters (nothing even matters)  
And nothing even matters (baby)  
They can all talk say what they want  
about us, about us (oh whoa)  
And nothing even matters (whoa)  
And nothing even matters
