

# Thug Luv (feat. Twista)

## Lil' Kim

Mm-hmm, ye-yeah. Here come a bitch with the fly puss', and a nigga with the fly dick  
In the Mickey and Mallory mode, rollin through the streets on 24's  
On krunk screamin, "Die bitch!"  
Bout to shut yo' shit down, anybody that opposes to payin us a fee false  
If the straps don't bleed y'all  
We put stitches in yo' motherfuckin dome like a league brawl  
(Come and roll with this)  
Take a journey to the realm of the truth when I bust this  
It's the Duke and the Duchess  
Leavin haters 'buked and on crutches  
Niggaz you cannot touch this  
It's a new collaboration of Thug Luv  
between the Thug Queen and the Thug Lord  
More power than a drug lord  
Meant to be because we love each other the way we love war  
Gotta rider bet hug yours, cause I'm full of ambition  
and ammunition and a 50 like I smoked a sticky stack of hash  
Ain't no missin on no critical condition  
Murderin is the mission and we can bust a itchy atcha ass  
Feel the flow when I drop it  
Don't when to stop it, I'm goin pockets and layin bodies down  
Feel adrenaline from me and Kim and them  
We got it sewed from Brooklyn to Chi-Town  
See the artillery, we don't fuck around with silly games, plenty thangs  
Nigga plus I got an illy aim, stick 'em up, steal his chain  
Then I spill his brain, then I feel his pain  
Some of the consequences when you dealin with a plug thug  
And I'm backed up by the Queen, we gon' take over the world  
Whatchu know about Thug Luv? You can't fuck with us; do it like a hustler  
Gotta keep it gangsta, can't no one collide with us  
All my true thugs and all my real bitches  
Won'tcha come and ride with us  
Do it like a hustler  
Gotta keep it gangsta, can't no one collide with us  
All my true thugs and all my real bitches  
Won'tcha come and ride with us  
It's the T-W-I-S to the T-A, K to the motherfuckin I-M  
Bout to shut yo' shit down  
Other albums come out ain't NOBODY gon' buy them  
Now who gon' deny them? I'm scared of myself, don't nobody wanna try Kim  
Y'all know you done fucked up  
(now whassup - y'all better come roll with us)

Who's you Mister? It's Lil' Kim and Twista (and we about this)  
 For those who doubt this, the game is ours (we gon' run you up out this)  
 What a wonderful feeling when you're stealin a million  
 But the billion jackpot's what I aim for  
 Get your hands in the air, put 'em up, keep 'em high  
 Don't want no problems - JUST GIMME WHAT I CAME FOR!  
 Pull up on your block, eight straight Hummers  
 Bout to have it locked, eight straight summers  
 Bank account hold eight straight numbers  
 Ain't no room for you whack newcomers  
 We the people's choice because we kick that  
 nasty "Hardcore" shit that you wanna hear  
 Can't fuck with us, hands down we win best murder rap of the year  
 Pounds to the misters, hugs for the miss  
 Bombs in the mail, sealed with a kiss  
 All my bitches pop that thing like this  
 All my niggaz wave that bling on the wrist  
 Some of the consequences when you dealin with a plug thug  
 And I'm backed up by the Duke, we gon' take over the world  
 Whatchu know about Thug Luv?  
 Kim is yo' flow hot?  
 Like a gun shot  
 Twist' is yo' flow cold?  
 Well I think so  
 Kim do you got dranks  
 Crist' by the box  
 Twist' do you got smokes  
 Well I got 'dro, now baby we can roll Do it like a gangsta, creepin like a murderer  
 Strapped while I roll on chrome  
 Lookin for the ones we at war with  
 When we see 'em we gon' aim for your dome Hear me Ma we can run this Earth together, come  
 up worse than ever  
 Havin big dreams while we back up this work together  
 Let's set up shop on the block now, takin over yo' tip  
 Even if we gotta slang dubs  
 Go to war because I love blood, with a Queen by my side  
 Whatchu know about Thug Luv? Do it like a hustler, Lil' Kim and Twista  
 Might as well ride with us  
 Male groupies, girl groupies  
 They're all gon' side with us  
 Whatcha gon' do, it's the Duke and the Duchess  
 You need to give it up  
 We gon' take over the world  
 Whatchu know about Thug Luv?
