I even like those scrawny Scottish into pop music but not like sorta' like hot dance electric music

Baby, baby I've got a lot of love to give  
But lately, lately, I'm oversubscribed with relationships  
But you've got, you got, that special something I have seen before  
But I must warn ya, that I can't help but play around for sure  
(For sure for sure)'Cause I got all the boys

I got all the boys  
I got all the boys  
I got all the boys  
I got all the boys  
I got all the boys  
I got all the boys

I get all the boys Maybe, maybe, I can learn to settle down one day  
But right now, right now, I'm living life to mess around and play  
So you got, you got, that special something that I've seen before  
But I must warn ya, that I can't help but play around for sure

I've done it before  
I get all the boys  
I get all the boys
