

# Always and Forever

## Heatwave

Always and forever, each moment with you  
Is just like a dream to me that somehow came true  
And I know tomorrow will still be the same  
'Cause we've got a life of love that won't ever change and  
Everyday love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
I'll always love you forever, forever  
There'll always be sunshine when I look at you  
It's something I can't explain just the things that you do  
And if you get lonely phone me and take  
A second to give to me that magic you make and  
Everyday love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
I'll always love you ever, ever  
Loving you is the thing that I've planned  
For a very long time  
Me with you, you with me, we as one  
Love together for a very long time  
Loving you, you, baby  
Always, forever love you  
Always, forever love you  
I said, "Forever love you, love you"  
Ever and the day and one day  
Loving you, you, you, you, you  
Forever, tomorrow's tomorrow  
Ever and a day, ever and a day  
Ever, everyday, yeah, you  
Loving you forever, ever, you, you  
Forever
