

Seventeen

Lake Street Dive

Download and Play Ooh ooh ooh ooh o o o Look at those lights behind the trees
don't the highway sound like the ocean?
Lookin' at you right next to me
the stillness feels like emotion. I got the feelin'
You got the feelin'
Don't you know what I mean? We're giddy like high school down by the pool
at the hotel in the sea.
If I didn't know all the things you done
I'd swear that I need ya. I got the feelin'
You got the feelin'
But I know where you been.
I wish I would have met you
when I was seventeen.
Before I seen the things that I seen.
Before I learned to look behind the screen.
I think we could have had a good time. Well I used to get down in any town
any time I got the notion.
Follow each girl to the end of the world
no, I never looked down. Now I'm up above with a feelin' of love
I got my arms around you.
And the weight of the band on my left hand
you know it keeps me on the ground. I got the feelin'
You got the feelin'
Don't you know what I mean?
I wish I'd met you
when I was seventeen.
Before I kept my hands so clean.
Before you went and made some fool your queen.
I think we could have had a good time.
