

# Tore Down a la Rimbaud

Van Morrison

    Showed me pictures in the gallery  
    Showed me novels on the shelf  
    Put my hands across the table  
    Gave me knowledge of myself.  
    Showed me visions, showed me nightmares  
    Gave me dreams that never end  
    Showed me light out of the tunnel  
When there was darkness all around instead. Tore down a la rimbaud  
    And I wish my message would come  
Tore down a la rimbaud, you know it's hard some time  
    You know it's hard some time.  
    Showed me ways and means and motions  
    Showed me what it's like to be  
    Gave me days of deep devotions  
Showed me things I cannot see. Tore down a la rimbaud  
    And I wish my purpose would come  
Tore down a la rimbaud, you know it's hard some time.  
You know it's hard some time. Showed me different shapes and colours  
    Showed me many different roads  
    Gave me very clear instructions  
    When I was in the dark night of the soul.  
    Tore down a la rimbaud  
    And I wish my writing would come  
Tore down a la rimbaud, you know it's hard some time.  
    You know it's hard some time.
