

Woo

Anthony Hamilton

I was like, minding my business
Wasn't thinking about striking them no conversation
But she had those thick bangs and a round about
Like a devil said "boy how's about a little temptation?" Oh no, she was so fine
Could not keep my eyes off her
It was critical
Even biblical like, just like the Ladder Saints
Woo, woo girl you're so bad
Woo, but it feels so good
Woo, I have never seen the girl so bad I've been like Mr. Perfect, goody two-shoes
Couldn't break me down for nothing
Always known that messing 'roud ain't worth it
Till I met her, well so much for my nothing, nothing
She was so fine
Could not keep my eyes off her
It was heaven, like Delilah
Set my soul on fire
Woo, woo girl you're so bad
Woo, but it feels so good
Woo, I have never seen the girl so bad She's so fly she's so bad, but she's trouble, yeah
Kicks my strong makes me weak till I crumble
I don't know what to do, I see devil
Forgive if I wanna do wrong yeah yeah
Woo, I've never seen a girl so bad
Woo, hey but it feels so good
Woo, I ain't never, never, never
I ain't never seen a girl so bad
Never, never seen a girl so fine
Woo, never in my life
Woo, I've never, I've never
I've never seen a girl so bad
Never baby
