

Call Me

Go West

Face to face
My reflection in your eyes
I was scared to say too much
Perfect strangers in perfect worlds apart
Almost close enough to touch
Staring at my shoes
Feeling so confused
Shot down without a gun
Victim of a hit and run
Won't you...
Call me - call me
No time to hesitate - we must communicate
Call me - call me
Won't you call this number now Mesmerised
I go back to where we met
A reconstruction of the crime
I can't track you down
Nowhere to be found
Now my one shot at success
Is the power of the press
Won't you... Call me - call me
No time to hesitate - we must communicate
Call me - call me
Won't you call this number now Worlds apart - we are worlds apart
Watch this space
There's a message here for you
No need to read between the lines
I am inside out
There can be no doubt
I want you and no-one else
Please identify yourself Call me - call me
No time to hesitate - we must communicate
Call me - call me
Won't you call this number now Call me - call me
I'll be waiting here for you
I don't know what else to do
Call me - call me
Girl, won't you call this number now?
Girl, won't you call me? Call me - call me
