

# My People (feat. James Ingram)

## Angie Stone

My people!  
Yeah!  
My people!  
Yeah!The foundation of the United States  
Rests on the sweat of my people  
Every enemy of the USA  
Has had to face my people on the front linesPeople, my people are dyin'  
And we see it all the time  
Don't know where our future would be  
If he's not here, how do we stay strong?Only we can save us from us  
Bring about change we will show our people love  
My people, hold your head up  
My people, don't get fed up  
My people rise, my people fight  
My people do alrightMy people walk with pride and  
We're marchin' side by side and  
My people laugh, my people cry  
My people ride and diePeople, my people, keep striving  
There's a greater master plan  
We need to know our history  
We were kings and queens of the greatest dynastyOnly we can save us from us  
Bring about change we will show our people loveMy people, hold your head up  
My people, don't get fed up  
My people rise, my people fight  
My people do alright  
My people walk with pride and  
We're marchin' side by side and  
My people laugh, my people cry
