Not the Way

Gregory Isaacs

Go and tell her you're sorry
You ain't too big to apolagize, no
If you care that much about her
You gotta treat my sister nice, yeahI heard you kick her in the bum even though she's still your baby

But that's not the way to treat a lady
If she is wrong try show her the right
No need to quarrel, no need to make a fightBeca' the daughters take a little longer

To sight up the Father, yeah

I said the daughters take a little longer

To do the works of Jah Jah

Never let her go astray, yeah

Try show her the right way, yeah

I heard you kick her in the bum even though she's still your baby

But that's not the way to treat your lady

If she is wrong try show her the right

No need to quarrel, no need to make a fightBeca' the daughters take a little longer

To sight up the Father, yeah

I said the daughters take a little longer

To do the works of Jah Jah

Never let her go astray, yeah

Try show her the right way, yeah

She's your sister

So don't mistreat her

I said the daughters take a little longer

Daughters take a little longer

She'll learn one day

Never let her go astray, yeah

She's your sister

So don't mistreat her, no

She'll learn one day
