

Nightmare

Set It Off

They're coming, creeping from the corner
And all I know is that I don't feel safe
I feel the tapping on my shoulder
I turn around in an alarming state
But am I losing my mind?
I really think so
Not a creature in sight
But what you don't know Is that my breathing gets faster
And so does my heartbeat
I wish this was over
I wish that this was a dream but
I created a monster
A hell within my head
With nowhere to go
I'm out on my own
Oh, I'm so scared I created a monster
A beast inside my brain
With nowhere to go
I'm not on my own
My mind impaired
Awake me from my nightmare Wait, something doesn't feel right
No, something seems wrong
And I've been feeling this way (this way)
For far too long
As my vision gets blurred, my skin's getting colder
Appearing young, while I'm growing older
I collapse to the floor and scream:
Can anybody save me from myself? I created a monster
A hell within my head
With nowhere to go
I'm out on my own
Oh, I'm so scared I created a monster
A beast inside my brain
With nowhere to go
I'm not on my own
My mind impaired
Awake me from my nightmare Walking to the ledge
I find myself looking down
Frozen still with fear
Now I'm plunging to the ground
If only I knew how to fly
Then I could convince myself

This isn't my time to die
Instead I'm rocketing faster and faster
I divebomb to the floor
And when my body crashes to the pavement
I'm right back where I was before I created a monster
A hell within my head
With nowhere to go
I'm out on my own
Oh, I'm so scared I created a monster
A hell within my head
With nowhere to go
I'm out on my own
Oh, I'm so scared, no, no-o-o-o-o-o-oa I created a monster
A beast inside my brain
With nowhere to go
I'm not on my own
My mind impaired
Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
