She don't want commitment

She up in the club

She just want to ball up

To show us some love

She got you at home

Trynna be faithful

And she got you at home

Trynna be faithful

And she got you at home

Trynna be faithful

And she got you at home

And you're trynna be faithful

You ain't got it like me, what you talking 'bout

Coming home with me is what she's talking 'bout

Cali drank but the tree gave us cottonmouth

She gon' walk kinda funny she leave my house

Big ballin', big big ballin'

Got you main chick calling

Neck full of diamonds

Probably why she calling, ohh

She just thought to fall in line

But I can't give her all my land

I just want to beat it up

Man it shows

She don't want commitment

She up in the club

She just want to ball up

To show us some love

She got you at home

Trynna be faithful

And she got you at home

Trynna be faithful

And she got you at home

Trynna be faithful

And she got you at home

And you're trynna be faithful

She just wanna know what a nigga's pockets 'bout

Start a crib, now she knows what the pockets 'bout

From the town with the crib like a doctor's house

And I'm flier than all the helicopter route
Big ballin', big big ballin'
Got you main chick calling
Neck full of diamonds
Probably why she calling, ohh
She just thought to fall in line
But I can't give her all my land
I just want to beat it up
Man it shows
She don't want commitment
She up in the club
She just want to ball up
To show us some love
She got you at home
Trynna be faithful
And she got you at home
Trynna be faithful
And she got you at home
Trynna be faithful
And she got you at home
And you're trynna be faithful
Built though in the ride
Big budget like a movie
Keep your bitch by your side
'Cause them hoes be choosey
Show what a time of life
You should already know it
These girls quick to lie
That's why you can't trust the hoes
She told me she want me
If you caught her, you're only
Plus she fucked the homie
And she ride like a pony
She don't want commitment
She up in the club
She just want to ball up
To show us some love
She got you at home
Trynna be faithful
And she got you at home
Trynna be faithful
And she got you at home
Trynna be faithful
And she got you at home
And you're trynna be faithful
