## From First to Last

No...  
Rise, Rise, Rise to fall.  
I never care, never care to try until now  
To fly home  
The distance grows  
As the land approaches  
Faith at least in the form of gravity  
Keeps me low at the ladder  
Time to crawl to the salty hill that fills my life  
Rise, Rise, Rise to fall.  
I never care, never care to try until now  
To fly home  
The distance grows  
As the ground approaches  
No...  
Rise Rise Rise to fold  
I never care, never care to try until now  
To fly home  
The distance grows  
As the ground approaches  
Rise Rise Rise to fall.  
Rise Rise Rise to fall!  
Nathan death.to.disco fixed this!
