

Wolf

Sylvan Esso

The modern wolf, he's kinder
But saying we, it's a reminder
Don't wear no suits, we're talking t-shirts
See how he lies, makes women shiver Ahoo, Ahoo He ain't no dad, his voice is smoother
Been bending notes, just like his father Ahoo, Ahoo But no birds nor beast does he eat
He only wants the tenderest meat
(And all the sounds he makes are speech
Under all different patterns of sheets?)
(Call his blind dopamine?)
And she looked so good when they were last seen Ahoo, Ahoo
The modern wolf, the modern wolf
Drippin' in all the lies that he told
He's going home, try to wash them off
But when he shaves, he hears them call Ahoo, Ahoo
