Do you think about me too?  
Do you always cry? When it rains  
When the pains come in shame

When the fame is a jade and I'm born to be made  
But the cost of the fade I've got quickly to shade  
Ever quickly to hate burning like a serenade  
Burning like my hurricanes  
When you said it was wrong  
Even if there is a right  
Now I can only dream about you holding me tight  
Can you hold me tight? Broken heart oh ????  
? ? ??? ??? ???  
? ? ? oh ?? ??  
?? ?? ?? ?? ???  
???? yesterday  
???? yesterday  
Sorry that I walked away  
???? yesterday
