Touch and Go

The Cars

All I need is what you've got All I'll tell is what you're not All you know is what you hear I get this way when you come nearThen I know it's gone too far Uh, oh, I touched your star And it felt so right Just like the hush of midnight And then you said With me it's touch and go-o-o-o Touch and go-o-o-oAll I need is you tonight Flying like a cement kite, yeah In your headlock on the floor Who could ever ask for more And I know it's gone too far Uh, oh, I touched your star And it felt so right Just like the hush of midni-ight And then you said With me it's touch and go-o-o-o Touch and go-o-o-oAll I want is you tonight I guess that dress does fit you tight, yeah You know that look does make me shake It almost looks too good to fakeAnd I know it's gone too far Uh, oh, I touched your star-r-r And it felt so right Just like the hush of midni-ight Then you said With me it's touch and go-o-o-o Touch and go-o-o-o

Well it's touch and go-o-o-o
Its touch and go-o-o-oWell it's touch and go-o-o-o
Touch and go-o-o-o
Touch and go-o-o-o
Touch and go-o-o-o

Touch and goAll I need is what you've got Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
