

Our Love

Krokus

I can tell by the way you hold your head
Tell by the way you smile
You're tellin' me lies
But I don't need to know, it's your life
When we're together babe, it's love all the time
Livin' in this heart of mine
You tear me apart
Now I don't wanna hear you start again
Please don't ask no questions
And I won't tell you lies
Diggin' in the dirt, only gonna hurt
It's time you realized
If you got somethin' to say
Go ahead n' fire away
No matter what card you play
It's you I've always needed
Our love will never die
(Never die)
Don't know why
It's a feelin' inside
We both had lovers outta town
Both like foolin' around
It doesn't really matter
Because we'll never fall apart again
Please don't ask no questions
And I won't tell you lies
Diggin' in the dirt, only gonna hurt
It's time you realized
If you got somethin' to say
Go ahead an' fire away
No matter what card you play
It's you I've always needed
Our love will never die
(Never die)
Don't know why
It's a feelin' inside
Our love will never die
(Never die)
Don't know why
It's a feelin' inside
[Incomprehensible]
Don't know why
It's a feelin' inside
Our love will never die
(Never die)
Don't know why
It's a feelin' inside
Our love will never die
(Never die)
Don't know why
It's a feelin' inside
It's a feelin'
It's a feelin'
