

Crazy World

DJ Antoine & Mad Mark

What's going on in the world today?
It's crazy yeah I know
Everybody's back in to see some change
but its alright cause heyI got some in to believe in and can let go all this feeling
This I know and I'm going on the way alright now here we goWe are living in a Crazy World
But I like it looking you'll find in
We are living in a Crazy world
That's believe in everbody singing
Oh oh oh oh we living in a crazy world - crazy world - crazy world
Oh oh oh oh we living in a crazy world - crazy world (crazy world)
I can feel something in the air tonight
It's just how the wind throws
Everybody's on this rollercoaster right up up here we goYou got some in to believe in
Don't let go all this feeling
This I know and we're going on the way alright now here we goWe are living in a Crazy World
But I like it looking you'll find in
We are living in a Crazy world
That's believe in everbody singing
Oh oh oh oh we living in a crazy world - crazy world - crazy world
Oh oh oh oh we living in a crazy world - crazy world (crazy world)Uhhh
We can't love enough
it's the only thing that finds us together
Tonight we will be worn
And we'll gonna make this party last forever
We are living in a Crazy World
But I like it looking you'll find in
We are living in a Crazy world
That's believe in everbody singing Oh oh oh oh we living in a crazy world - crazy world - crazy
world
Oh oh oh oh we living in a crazy world - crazy world (crazy world)
