

Georgia Rain

Trisha Yearwood

1st Verse
Barefoot in the bed 'a your truck
On a blanket lookin' up
Half a moon peekin' down at us
From underneath the clouds
Teenage kids sneakin' out again
Heard the thunder rollin' in
We were fallin' the moment when
It all came pourin' down
1st Chorus
The Georgia rain
On the Jasper County clay
Couldn't wash away
What I felt for you that day
Just you and me down an old dirt road
Nothin' in our way
Except for the Georgia rain
2nd Verse
Cotton fields remember when
Flash 'a lightnin' drove us in
We were soaked down to the skin
By the time we climbed inside
And I don't remember what was poundin' more
Heart in my chest or the hood of that Ford
As the sky fell in, the storm clouds poured
Worlds away outside
2nd Chorus
The Georgia rain
On the Jasper County clay
Couldn't wash away
All the love we made
Just you and me down that old dirt road
No one saw a thing
Except for the Georgia rain
3rd Verse
Screen door flappin' in the wind
Same ol' house I grew up in
Can't believe I'm back again
After all these years away
You fixed your Daddy's house up nice
I saw it yesterday when I drove by
Looks like you've made yourself a real good life
What else can I say
Tag Chorus
The Georgia rain
On the Jasper County clay
Couldn't wash away
The way I loved you to this day
The ol' dirt road's paved over now
Nothin' here's the same
Except for the Georgia rain
