

Drifting Away

Lange

Everytime I lose my self control
It feels like I can't let you go
I'm at the point of no return Don't ever wanna come back down
I'm up so high above the ground
This feeling I will always yearn Drifting away
I'm flying, I'm gonna head for paradise
Nothing to say
I'm climbing, I wanna stay right here tonight
Drifting away (x2) Now I've got you inside of me
I'll take the opportunity
To keep on going with the flow Don't ever wanna come back down
I'm up so high above the ground
I hope this feeling never goes
Drifting away
I'm flying, I'm gonna head for paradise
Nothing to say
I'm climbing, I wanna stay right here tonight Drifting away (x14)
