

O Me O My

Son Little

oh me oh my
oh me oh my
oh me oh my
frozen in time
oh me oh my feel the death grip of fear
wrap a claw around your petrified heart
ain't no way to make you stay
you wanna run and make a brand new start
almost feels like everywhere you go 'round the globe
another terror awaits
yeah
and no matter what you change
all the pain and everything stays the same
oh my
oh me oh my
oh me oh my
oh me oh my
frozen in time
oh me oh my feel my body going numb and paranoia take control of my mind
yeah
put the pressure on my neck, this ain't no crocodile tears in my eye
nah feels like everywhere you go 'round the globe
another terror awaits
yeah
and no matter what you change
all the pain and everything stays the same
oh my
oh me oh my
oh me oh my
oh me oh my
strange fruit on the vine
oh me oh my oh me oh my
oh me oh my
oh me oh my
blind leading the blind
oh me oh my oh me oh my...
oh me oh my...
oh me oh my...
