

# Goodnight Kiss

Randy Houser

Girl I finally got you up in the seat of my old truck  
And I bet you're wonderin' what we're gonna do  
We could hit the county line, hell we do that all the time  
Tell you what, if you don't mind, we could start with something new  
Instead of waiting like we used to do Let's start it with a goodnight kiss, my lips, your lips,  
Baby let's just keep gettin' there  
Let's start it with a long goodbye, get wrapped up tight  
Let's spend all night right here  
Let's start it with a goodnight kiss  
I know that you told all your friends we were meetin' up with them  
I can call 'em all again and tell 'em we ain't coming  
Let me find a little spot, let me throw this thing in park  
Let me light that little spark that gets you going like you do  
Just tell me that you want to Start it with a goodnight kiss, my lips, your lips,  
Baby let's just keep gettin' there  
Let's start it with a long goodbye, get wrapped up tight  
Let's spend all night right here  
Let's start it with a goodnight kiss  
Let's start it with a goodnight kiss I don't wanna wait, I don't wanna wait  
Let's start it with a goodnight kiss,  
My lips, your lips  
Let's start it with a goodnight kiss, my lips, your lips,  
Baby let's just keep gettin' there  
Let's start it with a long goodbye, get wrapped up tight  
Let's spend all night right here  
Let's start it with a goodnight kiss  
Let's start it with a goodnight kiss I don't wanna wait, I don't wanna wait
