Goodnight Kiss

Randy Houser

Girl I finally got you up in the seat of my old truck
And I bet you're wonderin' what we're gonna do
We could hit the county line, hell we do that all the time
Tell you what, if you don't mind, we could start with something new
Instead of waiting like we used to doLet's start it with a goodnight kiss, my lips, your lips,

Baby let's just keep gettin' there

Let's start it with a long goodbye, get wrapped up tight

Let's spend all night right here

Let's start it with a goodnight kiss

I know that you told all your friends we were meetin' up with them

I can call 'em all again and tell 'em we ain't coming

Let me find a little spot, let me throw this thing in park

Let me light that little spark that gets you going like you do

Just tell me that you want to Start it with a goodnight kiss, my lips, your lips,

Baby let's just keep gettin' there

Let's start it with a long goodbye, get wrapped up tight

Let's spend all night right here

Let's start it with a goodnight kiss

Let's start it with a goodnight kissI don't wanna wait, I don't wanna wait

Let's start it with a goodnight kiss,

My lips, your lips

Let's start it with a goodnight kiss, my lips, your lips,

Baby let's just keep gettin' there

Let's start it with a long goodbye, get wrapped up tight

Let's spend all night right here

Let's start it with a goodnight kiss

Let's start it with a goodnight kissI don't wanna wait, I don't wanna wait Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
