

# Run the Road

## Santigold

Hour past time, and I didn't wanna to wake up  
Ayy, ayy, oh  
All that's fine, are we headin' back home?  
Headin' back home, headin' back home  
Cross that line and the second we make it  
Ayy, ayy, oh  
All come round, now they sayin' don't go  
Sayin' don't go, sayin' don't go I'm tired, still we rockin' all days  
Racin' 'gainst time, think we're neck to neck  
Got people talking that talk  
Copy the rhyme but ain't in their walk  
From outside looks like a circle  
From on this side it seems like a wall  
Rough ride, get me through it some way  
Another long flight, make me earn the pay  
We're gone to run the road now  
Gone, gone now, gone now  
We're gone to run the road now  
Gone, gone now, gone now Face don't lie, so I I put on my make-up  
Ayy, ayy, oh  
Awake all night, can't make my mind go slow  
Mind won't slow, mind won't slow  
Flash that smile, it's an industry of service  
Ayy, ayy, oh  
Don't let 'em in when your humor's too low  
Never too low, never too low  
Hang tight, there's a monkey on me  
There's a deal I made, gonna set me free  
Got people lost in their thoughts  
A glory sometimes, so I pay the cost  
And I call it out when I go  
One town down, tryna kill 'em all  
It all rolls by like a highway  
Take it all in 'cause it's gone today We're gone to run the road now  
Gone, gone now, gone now  
We're gone to run the road now  
Gone, gone now, gone now  
We're gone to run the road now  
Gone, gone now, gone now  
We're gone to run the road now  
Gone, gone now I don't believe it's for all of us  
Tell you when I'm in, it's a bit much

But I believe in what I'm here for  
I believe in what I'm here for  
I believe in the rhythm of the road  
I don't got a need for so much more  
That kind of free, kind of freedom is all I want  
We're gone to run the road now  
Gone, gone now, gone now  
We're gone to run the road now  
Gone, gone now, gone now  
I'm gone  
I'm gonna run the road, the road  
I'm gone  
I'm gonna run the road, the road  
Gone now, gone now  
I'm gone  
I'm gonna run the road, the road  
I'm gone  
I am gonna run the road, the road  
Gone now, gone now
